

Don't Turn Away

1.

**Before it's fading - I'm collecting memories
You said I'm wasting time - I doubt it's honesty**

Bridge

**I spent my time - running around
I spent my time - working it out
Complications - said it's all a lie
When my time - was passing by**

Chorus

**Don't turn away - I put a spell on you
Don't turn away - let me get thru, let me get thru**

2.

**While I'm straying - creating melodies
It brings good harmonies - I'm not wasting anything**

Bridge

**I spent my time - playing around
I spent my time - working it out
Words are flowing - like a mammoth stream
Clear horizon - just like a dream**

Chorus

**Don't turn away - I will make you see
Don't turn away - you belong to me**
