

Lost Horizon

1.

**They took away what we build
They took away our world
They kicked us right in the arse - and just laugh**

**The air got dark as they fall
They moved away took their tall
They looked us deep in the eye - and just cry**

Bridge

**Money rules our world
Money rules our world**

2.

**He's working hard for his home
His family's holding on
Working hard that's his life - nine to five**

**They take the money he saved
For all the tax he must pay
They take the profit away - day by day**

Bridge

**Money rules our world
Money rules our world**

Chorus

**All I see is lost horizon
All I know it just fades away
All I fear is lost horizon
All I want it won't fade away**

Solo

Chorus

**All I see is lost horizon
All I know it just fades away
All I fear is lost horizon
All I want it won't fade away**
