

# **Free my mind**

**1.**

**Livin' in the city - life is such a pity  
Steps and stones around me everywhere  
Waking up too early - night was short and dirty  
Need the taste of sunshine in my hair**

**Chorus**

**Taking the train to nowhere  
Free my mind**

**2.**

**In the highest mountain - sitting by the fountain  
Warm my bones beside the fire place  
But I'm always missin' - all the girls I'm kissing  
So I stand up kick me in my arse**

**Chorus**

**Take me back to nowhere  
Free your mind**
