

# **Into The Dark (Nightmare)**

**1.**

**On empty streets - I see a light in the sky  
Nowhere to run - and the time's passing by**

**Bridge**

**I turn around nobody's here**

**2.**

**I see a face - staring at me  
I'm scared to death - I can't really see**

**Bridge**

**I turn around nobody's here**

**Chorus**

**Into the dark - I fear the hell is calling  
Into the dark - the final curtain's falling**

**2.**

**On empty streets - I walk all alone  
I can't resist - the thrill of it all**

**Bridge**

**I turn around but nobody's here**

**Chorus**

**Into the dark - I fear the hell is calling  
Into the dark - the final curtain's falling**

**Solo**

**Chorus**

**Into the dark - I fear the hell is calling  
Into the dark - the final curtain's falling  
Into the dark - I fear the hell is calling  
Into the dark - the final curtain's falling**
