

# Rising High

**1.**

**Life is easy – since you’ve been gone  
In the middle of the night  
Since you left me – there’s darkness all around me, yeah  
But I try to get high**

## **Chorus**

**Rising high, high  
Like an eagle, in the morning sky  
Rising high, high  
Like an eagle, in the morning sky – in the morning sky**

**2.**

**I never missed you – I walked my way  
In the streets of letting go  
I try to find, try to find the answer  
And I wanna let you know**

## **Chorus**

**Rising high, high  
Like an eagle, in the morning sky  
Rising high, high  
Like an eagle, in the morning sky**

## **Bridge**

**Don’t know what to say, don’t know what to see,  
Don’t know what to feel, don’t know what to hear  
I get crazy  
Don’t believe in you, don’t believe in love  
Don’t believe in hate, don’t believe in me  
I’m lost without you, without you**

## **Solo**

## **Chorus**

**Rising high, high  
Like an eagle, in the morning sky  
Rising high, high  
Like an eagle, in the morning sky ...**
