

Killed by ignorance

Rinn/Thielking

1. Strophe

Feel the silence - along the boarderline
Old men preaching hate
Tears of glory - another martyr dies
Peace has changed to rage

Bridge

Eye for an eye - that's what the bible said
Tooth for tooth - that's what is in your head
Victims of faith - they keep the freedom down
Killing machines - blowin' you to the ground

Chorus

Oh oh oh - killed by ignorance
Oh oh oh - killed by arrogance

2. Strophe

Incarnation - of devils bloody face
To all false prophets - the nation counts your days

Bridge

Eye for an eye - that's what the bible said
Tooth for tooth - that's what is in your head
Victims of faith - they're dying for their lords
Killing machines - they're thinking with the swords

Chorus

Oh oh oh - killed by ignorance
Oh oh oh - killed by arrogance

Guit. Solo

Chorus

Oh oh oh - killed by ignorance
Oh oh oh - killed by arrogance
Oh oh oh - killed by ignorance

Belfast

Rinn/Thielking

1. Strophe

People lying in the street
I see their bodies burning
Children in the fire heat
The war wheels keep on turning

Bridge

Sweet little belfast child
What have you done
Your childhood's running wild
Your freedom's gone

Chorus

Like a bird with broken wings
In a world of shattered dreams

2. Strophe

tanks and guns with deadly sound
political solution
soldiers gonna cry out loud
no chance, no illusion

Bridge

What are you fighting for
Nobody knows
Death in the name of god
That's how the story goes

Chorus

Like a bird with broken wings
In a world of shattered dreams

Bridge to Solo

I'd seen their faces on the screen
Lord they really haven't been in a world
Of calm and peace, oooh

Solo

Chorus

Like a bird with broken wings
In a world of shattered dreams

Emotions

Jan Thielking

1. Strophe

There's a cold and wild wind blowing

you are knocking at my door
- and I led you in
I wonder was it meant to be that
- night ain't no friend
Oooh I'm not the man - to see it thru

so they told me that night
you can always run
but never find a place to hide
but never find a place to hide

2. Strophe

Remember all the good days passing
- that's just the way it goes
and tell ourselves
- we're in control
together for a long, long time, girl
- where is our yesterday
when the love is gone
- there's nothing to say

Bridge

nothing lasts forever
so they told me that night
you can always run
but never find a place to hide
but never find a place to hide

Chorus

Emotions ... blinded by a lie
Emotions ... oh, the hardest part to fight

please hold back the night

I keep it in view

Help me

Thielking/Rinn

1. Strophe

Do you know this special fear
When your children are growing
And you get old and older
This is the time, my dear
You'll hear an angel callin'
You feel shudder on your shoulder

And the final curtain comes near
Last tear drop in your eye
Feel pain of death is here
I can hear your awful cry

Help me I'm fallin', fallin'
Into the night
Help me I'm fallin', bring me
Bring me the light

your day needs 50 hours
No vacation to retire
You're acting always cool

no view for your desire

with your dreams you wanna fly
make your wishes now come true
live your life before you die

for the last good bye
tears filling my eyes

who can stop this feeling

when rock was high

played to the ground
I wanna hear it loud
never surrender

headbanging metal preachers

poisoning my ears

Remember - the good times
when rock was high

Solo

Chorus

Remember - the good times
when rock was high

Requiem

Rinn/Thielking

1. Strophe

It's late at night and there is silence
The work is done - the audience is gone
The lights are down - I'm standing alone now
Sweat in my face - like teardrops in the rain

Bridge

Waiting for a new day to come
But I know there won't be another one

2. Strophe

I close my eyes - remember the good times
I had right here on the stage
Waiting for - the end of this nightmare
Waiting for the moment to move on

Bridge

Turn back time - let me stay forever
With you - don't wanna be alone

Chorus

Can't believe that there is no tomorrow
there will be no light - only darkest night
And you're not by my side - you're not by my side

3. Strophe

Here I am - walking alone again
Walking alone - all alone
Here I am - and there's no return
There's no return - no return

Bridge

Don't cry for me - I'm not far away
In your heart there's a place for me to stay

Chorus

Dream on Dream on
Good night

Outro

Silence - and there is silence
Waiting for a new day to come
Don't cry for me I'm not so far away
In your heart there's a place for me to stay
