

Train of life

Rinn/Thielking

1. Strophe

I saw you riding all through my dreams
You're engines hot – running with steam
You are always in time
Journey for free – don't need no dime

Chorus

Train of life – mankind's home
On the ride – to carry our souls

2. Strophe

don't know when – to leave the train
circle of life is turning like
a never ending game
again and again

Chorus

Train of life – mankind's home
On the ride – to carry our souls

Bridge to solo

Take me to – to where I belong
Back to a foreign land
Some will stay and some will be gone
The journey will never end

Chorus

Train of life – mankind's home
On the ride – to carry our souls

Train of life – mankind's home
On the ride – to carry my soul
My souls

No cross

Rinn/Thielking

1. Strophe

Don't call me poor boy - don't call me infidel

I remember – what my father said
Oooh boy, take a look at the cross
And you'll find ... you'll find your way

2. Strophe

I started thinkin' – tried to find the signs
I was lookin' – at the world with open eyes
And I wonder – if you really know
That they call your name – to bless ... to bless ... the wars

War War

Lord I missed you – when I needed you

Chorus

Need your love – need no cross
Need no signs – ever lost
Feel the pain – need no priests
Where is god ? – always on my own

Solo

Chorus

Need your love – need no cross
Need no signs – ever lost
Feel the pain – need no priests
Where is god ? – always on my own

Just a love song

Thielking - Rinn

Don't know what to say - don't know what to do
sad inside – not to be with you
here I am – far from home
walk the streets – the rain – all alone

Chorus

Take a picture of you
Send my love to you – to you
All the words that now
Touch my heart – feel somehow - alone
Away from home – away from you

Bridge

I'm dreaming – I'm dreaming
Ooooh, of you

2. Strophe

Don't know what to say - don't know what to do
happy inside – to be with you
here I am – close to you
we walk the street – the rain – never alone

Chorus

Take a picture of you
Sing this song for you – for you
All the words I sing – from where I've been
Alone – not alone – now I'm with you

Night to remember

Rinn/Thielking

1. Strophe

Let me tell you a story - a story out of my life
It was a night to remember - And it took me high
When she crossed my way - It just blew my brain
In her dark brown eyes - I was melting like ice
She said : my name is May - I can't find a word to say
Just my flame gets higher - She starts me up like fire

We made love all night - 'till the morning light

Chorus

It was a night to remember
All night long
a night to remember

2. Strophe

Woke up late next morning - Still paralyzed
She put her arms on my shoulder - And she said with a smile
Don't be sad I must go now - Going back to my wife
Sometimes I need a man - But I love her more than my life

We made love all night - 'til the morning light

Chorus

It was a night to remember
All night long
a night to remember
It was a night to remember
All night long
a night to remember
